

**SSI PRODUCT ANNOUNCEMENT
INTRODUCING THE REDESIGNED SOMERTON SMART 270 BOWL
AND THE NEW SOMERTON SMART 270 WITH SIDE LEVER**

August 2, 2017

We are very excited to announce the redesign of our popular Somerton Smart 270!

First: The newly redesigned SOMERTON SMART 270 bowl:

The Somerton Smart suite is by far one of the most popular Caroma designs available, and we have just made it better! We have kept all of the most important features, but improved the flushing technology while at the same time improved the look of the bowl. The new Somerton Smart 270 bowl (model 829109W) is sleeker, easier to clean and more beautiful. Plus it was upgraded to MaP Premium and rated at 1000g. Caroma continues to innovate and improve all of their products, maintaining their leadership position in high efficiency dual flush products. This bowl is simply the latest evidence of this continuous design innovation.

Next: Introducing the NEW Somerton Smart 270 with side lever!

The NEW Somerton Smart 270 with side lever maintains all of the features and appeal of the Somerton Smart 270, but gives customers the power of choice! The top button flush of Caroma dual flush toilets have always been enormously popular, but there are some who simply prefer the classic appeal of a side lever. The side lever does not compromise design or performance and the water saving of dual flush is maintained; simply push the lever down for a full flush (1.28 g/ 4.8 l), or pull upwards for a half flush (0.8 g/ 3 l). Choice also extends to your preference of a right or left side mounted lever. We offer both! If you want a left hand lever, order 829110 and if you prefer a right hand lever, you would order an 829110-R. The choice is yours!

Both the standard top mounted flush button tank and the new lever handle fit the new Somerton bowl, AND both tanks are interchangeable on the older style Somerton Smart bowl (829108W). These changes offer the most in performance, flexibility and choice!

We are now effectively sold out of the old 829108W bowls, so all orders will be converted to the new model. The Caroma website has been updated with new specifications, model numbers and images. (All orders will be confirmed with purchasers before shipping). PRICING???

Easy Height Elongated
1.28/0.8 gpf (4.8/3 lpf)
Dual Flush HET
Bowl #829109W Tank #810788W

Two Piece Ultra Low Flush (ULF)
Vitreous China Washdown Toilet

A modern concept close coupled **1.28/0.8 gpf (4.8/3 lpf), Somerton Smart Easy Height Elongated** dual flush washdown toilet designed to provide a seat height of 17-1/2" (445mm) measured to the top of the toilet seat. The closet bowl has been designed with rough-in of **10" (255mm) to 12" (305mm)** provided by an offset outlet connector option. The tank incorporates a high performance barrel type outlet valve which has been specially developed with the Easy Height Elongated bowl to ensure optimum reliable flushing performance. Due to the substantial water saving benefits achieved by the 1.28/0.8 gpf (4.8/3 lpf) dual flush system, the toilet is suitable for multi-purpose applications where **water conservation** is important. **Important:** The Somerton Smart Easy Height Elongated toilet will comply with the Americans with Disabilities Act when installed to Easy Height Standards for Accessible Design, Section 4.16 Water Closets. Further reference must be made to the relevant sections of Easy Height Standards for Accessible Design with current amendments to determine clear floor space, grab bar, and operation requirements.

- Closet bowl:** Somerton Smart Easy Height Elongated 1.28/0.8 gpf (4.8/3 lpf) dual flush washdown closet bowl with box rim.
- Outlet:** Floor mounted suitable for connection to waste outlet with offset plastic outlet connector for 10" (255mm) to 12" (305mm) elongated outlet connection.
- Tank:** Somerton Smart Tank - has a free lifting lid and is suitable for domestic and light commercial application. 16" long toilet hose connector is included for easy installation.
- Weight:** Bowl Weight 57.2 lbs (26 kg) Tank weight 40 lbs (18.2 kg)
- Water Control Valve:** Standard Bottom Entry Tank -- available as left hand inlet and incorporates a super quiet water control assembly. Internal overflow only. 16" long toilet hose connector is included.
- Fixing:** The tank is fixed directly to the closet bowl with a robust base fixing system without the need for wall fixing.
- Seat:** The soft close detachable elongated top fixing seat is included: Code No. 326611W.
- Colors:** White.
- Dimensions:** All dimensions are in inches and millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.
